

SUNDAY, OCTOBER 12

DelArt Giggles and Tales is a whimsical and engaging story time program designed for children and their families. Held in our Kids' Corner, this program brings stories to life through interactive readings, laughter-filled activities, and creative play fostering a love for reading and creativity in young minds. Whether it's giggling over silly stories or diving into adventurous tales, children will leave with big smiles and lasting memories. Led by artist and musician, Quinci Spady.

This month's theme is **Hair We Go!**

This month we will celebrate every curl, coil, wave, and strand! Through a joyful story and playful activities, we're helping children embrace the beauty of their own hair, just the way it is. From big, bouncy afros to silky straight locks, it's all about self-love, confidence, and learning that our hair is part of what makes us wonderfully unique. Let's laugh, learn, and love the hair we're in!
